

Due to the recent COVID-19 outbreak and the potential threat of 2021-22 competitions being switched to virtual or canceled altogether, we want to assure you that any fees paid for competitions that are cancelled or switched to virtual will be reimbursed in full.

Reminder fees are paid on a prepaid basis, fees paid in November for example don't pay for a November Competition.

1st fee (regardless of what month it's paid) goes towards 1st competition, 2nd fee pays for 2nd competition and so on.

We expect to see some changes and extra precautions taken, but we are hopeful that we will have a full season.

We will communicate all changes, potential changes in a timely manner, so we can all plan accordingly.
